Lippincott Acute Care Skills for Advanced Nursing Assistants Pamela Carter 2019-02-11 This combined text and workbook builds on the basic concepts and skills that the nursing assistant has already mastered. The tasks nursing assistants in advanced settings are expected to perform vary greatly in health care settings across the nation. Even if nursing assistants are not allowed to perform tasks independently, they are often expected to understand the care provided and assist other members of the health care team. The spirit of "lifelong learning" is at the heart of this text, which has been written in a way to inspire nursing assistants to set goals for career advancement and reach them.

Lippincott's Manual of Psychiatric Nursing Care Plans Judith M. Schultz 2012-06-20 An outstanding resource for students and practicing nurses, the Ninth Edition of Lippincott's Manual of Psychiatric Nursing Care Plans contains 52 nursing care plans that address the most commonly encountered behaviors in psychiatric-mental health nursing. An excellent tool to introduce students to clinical psychiatric experience, the Manual demonstrates use of the nursing process in psychiatric nursing and gives suggestions for specific interventions--with rationale--to address particular behaviors, giving the student a sound basis on which to build clinical skills. Covering a range of problems and a variety of approaches, the care plans are meant to be adapted and individualized in planning nursing care for each client. The Ninth Edition has been thoroughly updated and includes new information on complementary and alternative medicine and using the internet; as well as new or expanded appendices on psychopharmacology; side effects of medications and related nursing interventions; and schizoid, histrionic, narcissistic, and avoidant personality disorders.
