Pre-Incident Indicators of Terrorist Incidents Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

To Love and Let Go Rachel Brathen 2019-09-17 "Rachel beautifully illustrates that loving fiercely and grieving deeply are often two halves of the same whole. Her story will break you down and lift you up." —Glennon Doyle, author of the #1 New York Times bestseller *Love Warrior* and founder of *Together Rising While* on her way to teach a yoga retreat in March 2014, Rachel Brathen collapses at an airport, brought to her knees by excruciating stomach pains. She is rushed to the hospital on the tiny island of Bonaire, and hours later forced to undergo surgery. When she wakes up from anesthesia, her boyfriend is weeping at her bedside. While Rachel was struck down with seemingly mysterious pain, her best friend,

Andrea, sustained fatal injuries as a result of a car accident. Rachel and Andrea had a magical friendship. Though they looked nothing alike—one girl tall, blond, and Swedish, the other short, brunette, and Colombian—everyone called them gemelas: twins. Over the three years following Andrea's death, at what might appear from the outside to be the happiest time—with her engagement to the man she loves and a blossoming career that takes her all over the world—Rachel faces a series of trials that have the potential to define her life. Unresolved grief and trauma from her childhood make the weight of her sadness unbearable. At each turn, she is confronted again and again with a choice: Will she lose it all, succumb to grief, and grasp for control that's beyond her reach? Or can she move through the loss and let go? When Rachel and her husband conceive a child, pregnancy becomes a time to heal and an opportunity to be reborn herself. As she recounts this transformative period, Rachel shares her hard-won wisdom about life and death, love and fear, what it means to be a mother and a daughter, and how to become someone who walks through the fire of adversity with the never-ending practice of loving hard and letting go.

Daddy Issues Katherine Angel 2022-06-14 On the fraught bonds between daughters and their fathers, women and the patriarchywomen patriarchy In this beguiling, incisive book, critically acclaimed writer Katherine Angel examines the place of fathers in contemporary culture with her characteristic mix of boldness and nuance, asking how the mixture of love and hatred we feel toward our fathers—and patriarchal father figures—can be turned into a relationship that is generative rather than destructive. Moving deftly between psychoanalysis from Freud to Winnicott, cultural visions of fathering from King Lear to Ivanka Trump, and issues from incest to MeToo, Angel probes the fraught bond of daughters and fathers, women and the patriarchal regime. What, she asks, is this discomfiting space of love and hate—and how are we to reckon with both fealty and rebellion? As in her earlier book Tomorrow Sex Will Be Good Again, Angel proves herself to be one of the most perceptive feminist writers at work today.

The Whistleblower Kathryn Bolkovac 2011-01-04 When Nebraska police officer and divorced mother of three Kathryn Bolkovac saw a recruiting announcement for private military contractor DynCorp International, she applied and was hired. An American Summer Alex Kotlowitz 2019-03-05 2020 J. ANTHONY LUKAS PRIZE WINNER
From the bestselling author of *There Are No Children Here*, a richly textured, heartrending portrait of love and death in Chicago's most turbulent neighborhoods. The numbers are staggering: over the past twenty years in Chicago, 14,033 people have been killed and another roughly 60,000 wounded by gunfire. What does that do to the spirit of individuals and community? Drawing on his decades of experience, Alex Kotlowitz set out to chronicle one summer in the city, writing about individuals who have emerged from the violence and whose stories capture the capacity--and the breaking point--of the human heart and soul. The result is a spellbinding collection of deeply intimate profiles that upend what we think we know about gun violence in America. Among others, we meet a man who as a teenager killed a rival gang member and twenty years later is still trying to come to terms with what he's done; a devoted school social worker struggling with her favorite student, who refuses to give evidence in the shooting death of his best friend; the witness to a wrongful police shooting who can't shake what he has seen; and an aging former gang leader who builds a place of refuge for himself and his friends. Applying the close-up, empathic reporting that made *There Are No Children Here* a modern classic, Kotlowitz offers a piercingly honest portrait of a city in turmoil. These sketches of those left standing will get into your bones. This one summer will stay with you.

Lost & Found Kathryn Schulz 2022-01-11 NATIONAL BESTSELLER • NEW YORK TIMES EDITORS' CHOICE • An enduring account of joy and sorrow from one of the great writers of our time, *The New Yorker's* Kathryn Schulz, winner of the Pulitzer Prize "I will stake my reputation on you being blown away by *Lost & Found*. It is brilliant and profound and charming, all at once."—Anne Lamott, author of *Dusk, Night, Dawn* and *Bird by Bird* ONE OF THE MOST

ANTICIPATED BOOKS OF 2022—Oprah Daily, The Washington Post, Vogue, Los Angeles Times, The Philadelphia Inquirer, BuzzFeed, Esquire, Chicago Review of Books, Town & Country, Electric Lit, The Millions, Lambda Literary, The Rumpus, Lit Hub, The Week, Kirkus Reviews Eighteen months before Kathryn Schulz's beloved father died, she met the woman she would marry. In *Lost & Found*, she weaves the stories of those relationships into a brilliant exploration of how all our lives are shaped by loss and discovery—from the maddening disappearance of everyday objects to the sweeping devastations of war, pandemic, and natural disaster; from finding new planets to falling in love. Three very different American families form the heart of *Lost & Found*: the one that made Schulz's father, a charming, brilliant, absentminded Jewish refugee; the one that made her partner, an equally brilliant farmer's daughter and devout Christian; and the one she herself makes through marriage. But Schulz is also attentive to other, more universal kinds of conjunction: how private happiness can coexist with global catastrophe, how we get irritated with those we adore, how love and loss are themselves unavoidably inseparable. The resulting book is part memoir, part guidebook to living in a world that is simultaneously full of wonder and joy and wretchedness and suffering—a world that always demands both our gratitude and our grief. A staff writer at *The New Yorker* and winner of the Pulitzer Prize, Kathryn Schulz writes with curiosity, tenderness, erudition, and wit about our finite yet infinitely complicated lives. Crafted with the emotional clarity of C. S. Lewis and the intellectual force of Susan Sontag, *Lost & Found* is an uncommon book about common experiences.

Letters Written in White Kathryn Perez 2015-11-24 I'm dead. I'm cold and alone and I'm dead. There's no air in my lungs. My chest is as cold and hollow as a cave on a snow-capped mountainside. My heart no longer beats there. Frigid winds whistle through my ribs and the sadness inside me weeps like my favorite tree. Days ago, I met with death face to face. The mirror, our meeting place. My two darkened green eyes stared deeply into hers. I tilted my head to the side. She did too. "It's time," I whispered. "It's time," she whispered. And with that I turned away from her, the woman in the mirror who knew all of my secrets and all of my pain. I walked away from her and yet we'd never been closer than we were at that moment. The inner struggle was over. No more arguing with the woman in the mirror. No more arguing with myself. The choice was made. She was the victor. Or was I? That was the day Riah Winter died.

Claire and Her Sister Kathryn M. Burke 2017-02-14 When historian Patrick Muldoon stops by the small Pennsylvania town of Dunsmuir on his way to Washington, D.C., he has no idea he would be utterly smitten with a young owner of a pet store, Claire Monahan. Patrick decides to relocate to Dunsmuir, and along the way he meets Claire's older sister Sophie, a timid creature who seems to have suffered some unspecified trauma as a teenager. As Patrick further explores the bodies and psyches of Claire and her sister—as well as of their mother, Margaret—he learns of the tragedies that have marred all three lives, and he does his best to help them. This moving novel of love and intimacy shows how an unorthodox relationship between a man and three women can seem natural and inevitable—if it is founded on love, sensitivity, and respect.

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.
