To Light a Fire Terry Blackhawk 2015-08-17 The InsideOut Literary Arts Project (iO) began in 1995 in five Detroit high schools, with weekly classroom visits by a writer-in-residence, the publication of a literary journal for each school, and the mission of encouraging students to use poetry to “think broadly, create bravely, and share their voices with the wider world.” Twenty years later, the program serves some five thousand K-12 students per year, has received national exposure and accolades (including a recent visit to the White House), and has seen numerous student writers recognized for their creativity and performance. In *To Light a Fire: 20 Years with the InsideOut Literary Arts Project*, founding director Terry Blackhawk and senior writer Peter Markus collect the experiences of writers who have participated in InsideOut over the years to give readers an inside look at the urban classroom and the creative spark of Detroit’s students. In short and insightful essays, contributors discuss how iO’s creative magic happened during the course of their work in Detroit schools. Poets such as Jamaal May, John Rybicki, Robert Fanning, and Francine J. Harris describe the many ways that poetry can be used as a tool to reach others, and how poetic work shaped them as teachers in return. Contributors describe nurturing a love of language, guiding excursions into imagination, and helping students find their own voices. They also describe the difficulties of getting through to kids, the challenges of oversized classrooms, and of working with children who seem to have been forgotten. Despite their own frequent angst and personal uncertainties about doing the right thing, they describe the joys and rewards that come from believing in students and supporting the risks that they take as writers. *To Light a Fire* captures the story—one poet, poem, and poetic moment at a time—of helping students to discover they can imagine, dream, and speak in a way that will make people listen. Fellow educators, poets, and creative writers will be moved and inspired by this collection.

Lifted from Darkness Jeanette M. Towne 2013-09-04 *The Epic Transformation from Living the Nightmare to Healing the Spirit...* On the outside, Jeanette had it all together; a good marriage, a beautiful daughter - poised on the threshold of a successful career. Behind the closed doors of a suburban prison, she continued to hide the shadowy secret of a splintered world of physical and mental torture. For over ten years, Jeanette was the pawn in a twisted psychological game, directed by the hands of the man whose lies she believed. She accepted the stark reality of never escaping alive. When she first met Jack, she was captured by his charming personality, wowed by his wealth, and quickly fell in love. What originated as protective, confident and dominant, cascaded into a traumatic web of physical and psychological violence, illustrating the intense complexities of love and fury, passion and brutality. In this touching work of inspiration, Jeanette reveals the entangled suffering and sadistic manipulation experienced, living with erratic violence. She carries you with her through the climatic events that led to her escape from the chasm of fear and intimidation. Jeanette exposes the heartbreaking effects domestic violence played on her identity as she moved toward true healing and a life of personal fulfillment and success with a faithful trust in the God that never fails.

100 Superlative Rolex Watches John Goldberger 2008 "Rolex was established in 1908, a century ago, so one hundred years have passed from that day to the publication of this volume in which the author, John Goldberger, illustrates what he considers to be the 100 most beautiful examples ever produced. One hundred years of life, and one hundred examples, traced back through time thanks to painstaking research, with the collaboration of some of the most renowned collectors in the world, and photographed to show the characteristics of the movement, case and dial of each example in the best possible way. The top one hundred, we could say, also to narrow down the field of research, which would otherwise have been incredibly vast, to grasp the essence of a brand that has probably contributed more than any other to the development of the wristwatch. Giampiero Negretti Over 700 colour illustrations and 400 descriptions provide the collector and watch enthusiast with invaluable information on reference numbers, watchcases, faces, movements, related calibres and the year of production of each watch. The book is divided into seven chapters: Watches with a destiny; Oyster; Chronograph and moon phases; Oyster chronograph and moon phases; Datejust, Day-Date; Sport Models; Cosmograph."--BOOK JACKET.

The Rolex Story Franz-Christoph Heel 2014-05-28 The brand with the crown is recognized worldwide as an invaluable sports implement and luxury product. In little more than one hundred years, it has become one of the most successful and innovative watch brands on the planet. Rolex manufactures more than a half a million wristwatches per year while maintaining an outstanding reputation and near-perfect quality. From the beginning, the sponsorship of statesmen, movie stars, and athletes has driven its success, but the company has expanded to include more than just the rich and famous. The Rolex Oyster became the first watch to defy the elements when, in 1927,

Mercedes Gleitze wore one while she swam the English Channel. In 1933, the company patented the first automatic winding mechanism. Learn more about this history and read updated reports written about new Rolex ideas and performance tests featured in the German watch magazine Armbanduhren (Wristwatch) from the past 15 years.

Rolex Day-Date Guido Mondani 2015-01-01 PRESENTATION: ROLEX DAY-DATE, THE "PRESIDENT'S WATCH" The Rolex Day-Date is the first wristwatch which indicates the date and the day of the week. In 1956 Rolex presents one of its most successful and most popular watches ever: the Day-Date,. This model is one of the world's most famous Rolex watches; classic, beautiful, functional, useful and elegant. In 2008 a new chapter of this watch, the Day-date II (ø 41 mm) and in 2015 the new Day-Date 40. Known as "President's Watch", this Rolex Day-Date has characterized and influenced the history of horology with developments and innovations during the years. With high definition unreleased images, technical details, dials variants, history and updated price of every model, this book analyses every reference from 1956 until today. TOPICS In this book the authors examine calibers, dials, cases, bracelets and many more components of every model. You'll find all dials with their variants of color (Stella dial) and material (lapis lazuli, root wood, meteorite, etc). Furthermore: the first Rolex Day-Date, 1800 series, "pie-pan" dials, 18000 series, personalized dials, special series, vintage advertisements, box, papers, Oysterquartz Day-Date, 18200 and 18300 series, Day-Date II, Day-Date 40 and much more. We can read from an official Rolex document: « THE BIRTH OF THE "DATEJUST" AND THE "DAY-DATE" Not satisfied with having realized a selfwinding waterproof watch, we decided to dedicate ourselves to studying the calendar watch. This is how the "Datejust", which clearly indicates the date on the dial in a small aperture with a Cyclops lens which enlarges it so as to make it easier to read, was born. The next stage was the launch of the "Day-Date", a perfected model which also indicates, with letters, the days of the week. The day and the date automatically change every evening at midnight. » These are the words of Roger Federer, a living tennis legend, about his Day-Date II: "The reason I like my Day-Date so much is because it is a legendary watch, elegant but with a certain spirit, with a touch of modernity added to its stylish black dial".

Debt Bomb Michael Ginsberg 2021-07-01 "A deftly crafted thriller that kept me turning pages---through politics, money, and murder---to the ending I didn't see coming." - Chris DeRose, New York Times Bestselling Author of The Fighting Bunch. A political thriller, tied in to real events, about an apocalyptic threat to America that is ticking remorselessly in the background while Americans continue their daily routines, oblivious to the danger. For years, China's spy agency has been watching the United States rack up trillions of dollars in debt, waiting for the right moment to weaponize that debt to collapse the American government and install a Communist puppet regime. At the same time, suburban accountant Andrea Gartner has been an outspoken critic of the debt as a leader in the South Carolina state Republican Party. When the United States elects President Earl Murray, he brings Andrea into his government as budget director to solve America's debt problem. But before the nameplate is even installed on her office door, China strikes, engineering an American debt crisis that brings the country to the brink of collapse. Government operations come to a screeching halt. With the American hegemon on its knees, China violently seizes the opportunity to fulfill its territorial ambitions in Taiwan and the South China Sea. Thrust into the rapacious, cutthroat world of American politics and surrounded by crises on all sides, Andrea begins a desperate effort to save the United States. Arrayed against her are cynical politicians and belligerent military brass, some of whom just might be secret Chinese agents. Will Andrea be able to keep the United States alive to fight another day? Or will America drown in a sea of red ink at the hands of the Chinese and see its democratic government replaced by a Chinese Communist puppet regime? American life as we know it is about to be obliterated by a debt bomb. And the only person who can save the country is a suburban accountant.
