Rurouni Kenshin, Vol. 10 by Buhiro Watsuki 2011-08-08 It began with a sin, committed by Kenshin, back during his bloody days as hitokiri or a sanctioned slayer of men. Although stopping most of the assassins who still come seeking revenge should be easy enough, what of the innocent and Yahiko (Kenshin's comrades), everyone at Akabeko Inn (Kenshin's friends), Kaoru (Kenshin's...?). For once there was another love in Kenshin's life which--given his nature--must by definition have been tragic. Can Kenshin escape the shades of his past, and find the will to fight for the real living--for reality?! -- VIZ Media

Stranger Things - the Other Side 1 - Target by Dylai Houser 2019-05-07

Dragon's Jaw by Stephen Coonts 2019-05-14 A riveting Vietnam War story--and one of the most dramatic in aviation history--told by a New York Times bestselling author and a prominent aviation historian Every war has its "bridge"--Old North Bridge at Concord, Burnside's Bridge at Antietam, the bridge over Burma's River Kwai, the bridge over Germany's Rhine River at Remagen, and the bridges over Korea's Toko Ri. In Vietnam it was the Thanh Hoa, called Dragon's Jaw. For seven long years hundreds of young US airmen flew sortie after sortie against North Vietnam's formidable and strategically important bridge, dodging a heavy concentration of anti-aircraft fire and enemy MiG planes. Many American airmen were shot down or captured and taken to the infamous "Hanoi Hilton" POW camp. But after each air attack, when the smoke cleared and the debris settled, the bridge stubbornly remained standing. For the North Vietnamese it became a symbol of their invincibility; for US war planners an obsession; for US airmen a testament to American mettle and valor. Using after-action reports, official records, and interviews with surviving pilots, as well as untapped archival sources, Dragon's Jaw chronicles American efforts to destroy the bridge, strike by bloody strike, putting readers into the cockpits, under fire, and on the ground. The Dragon's Jaw is a story rich in bravery, courage, audacity, and sometimes luck, sometimes tragedy. The "bridge" story of Vietnam is an epic struggle against a determined foe.

Salt and Light, Volume 2 by Carol Lee Hamrin 2010-02-11 The hidden seeds of the Christian renewal in China today include the outstanding Chinese reformers in Salt and Light 2, a dozen new life stories with lively anecdotes and photographs. These reformers made lasting contributions to the modernization of modern China. Working out of the limelight in their professions, they had quiet but powerful influence on early twentieth-century civil society through their faith, they modeled essential virtues. This series helps recover a lost Christian heritage linked closely to a legacy of East-West cooperation in the global era.

A History of the Roman People by Neville Mason Ward 2010 The Fifth Edition of A History of the Roman People continues to provide a comprehensive and analytical survey of Roman history from its prehistoric roots in Italy and the wider Mediterranean world to the dissolution of the Roman Empire in Antiquity in A.D. 600. Clearly organized and highly readable, the text's narrative of major political and military events provides a chronological and conceptual framework for the social, economic, and cultural developments of the periods covered. Major topics are treated separately so that you can easily grasp key concepts and ideas.

Parkland Speaks by Sarah Lerner 2019-01-22 Featuring art and writing from the students of the Parkland tragedy, this is a raw look at the events of February 14, and a poignant representation of grief, healing, and hope. The students of Marjory Stoneman Douglas High School share their emotional journey that began on February 14, 2018, and continues today. This revealing and unfiltered look at teens living in the wake of tragedy is a poignant representation of grief, anger, determination, healing, and hope. The intimate collection includes poetry, eyewitness accounts, letters, speeches, journal entries, and photographs from the events of February 14 and its aftermath. Full of heartbreaking loss, a rallying cry for change, and hope for a safe future, these pieces will inspire readers to reflect on their own lives and the importance of valuing and protecting the ones you love.

Cataract City by Craig Davidson 2014-02-06 Cataract City, a dead-end border town overlooking Niagara Falls. Owen Stuckey and Duncan Diggs are childhood friends as kids - united by wrestling, go-karts, and metal bands - but as they grow into young men, their once simple affection competes with the distance created by their respective circumstances. Owen, born to relative privilege, seems destined to get out of the city, while Duncan, honest but

along the rails towards a future working the assembly line at the soulless biscuit factory, The Bisk. As Duncan becomes more and more despondent, he finds himself at opposite ends of the law to Owen, and as the coils of the city creep ever tighter around the two friends, they find themselves unable to break free, but simply to survive.

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymns of the Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your children. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and a dad, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of his experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for children) to impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only at a level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive. Conley's sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting lessons that go down easy. You'll be laughing and learning at the same time.

Courageous Dreaming Alberto Villoldo 2009-03-01 Modern physics tells us that we're dreaming the world into being with every thought. *Courageous Dreaming* tells us how to dream our world with power and grace. The ancient shamans of the Americas understood that we're not only creating the experience of the world, but are dreaming up the very nature of reality itself—that is, "life is but a dream." When you don't dream your life, you're living for the nightmare being dreamed by others. This book shows how to wake up from the collective nightmare and begin to dream a life of courageous sacred dream that shamans throughout time have known and served. Alberto Villoldo reveals ancient wisdom teachings that explain how to break through the invisible matrix of creation; and reveals how we can interact with this matrix to dream a life of peace, health, and abundance. He shows us that all that is required to create the joy we desire!

A First Course in Probability Jay K. Chandra 2005 "The third edition earmarks the great success of this text among the students as well as teachers. To enhance its utility one additional appendix on "The Theory of Errors" has been incorporated along with necessary modifications and corrections to the text. The treatment, as before, is rigorous yet impressively elegant and simple. The special feature of this text is its effort to resolve many of the confusions of probability and statistics. This will undoubtedly continue to be a valuable companion for all those pursuing a career in Statistics." JACKET.

Consumers and Nanotechnology Harald Throne-Holst 2013-04-12 In recent years, questions about democratic influence on science and technology have received much attention. The lesson from the European unrest over GMO is that consumer-citizens will react negatively to being forced to accept the introduction of new, partly untested technologies. A number of political bodies have started to involve citizens and to consider their concerns, hopes, and worries in the early stages of the coming nano revolution. This volume assembles the contributions of experts who analyze a range of deliberations, mainly in the European Union and the United States. The book analyzes citizen-oriented deliberations along with more stakeholder-oriented deliberations.

From Niggas to Gods Kil 1993 ...a message to the Black Youth. This is a compilation of individual essays written during the summer-fall of 1993. The essays are designed to inspire thought within the Black Mind. These writings are primarily targeted toward the Black Youth of this day, of your day, of I am not a Master of these teachings, but these teachings I wish to Master. They say that my generation is not intelligent enough to read and understand the perfect King's English to impress their Harvard Professors! Here we are with a book in one hand, and a dictionary in the other, to help you understand what in the hell the author is talking about! If you have got something to say, just say it! We are not impressed by your 27-letter Shakespearean style of writing. The Black Youth of today don't give a damn about Shakespeare!!! This ain't no damn poetry contest! Wear your crown, the life, blood, and salvation of our entire Black Nation! If you want to reach the People, you have to embrace us where we are, and then take us where we need to go. So, these writings are from my generation and for my generation with respect and love. If no one will teach, love and guide us, then we will love and guide ourselves. Peace.

F*cking History The Captain 2020-08-11 History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your life). Hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compendium bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from the Roman Empire. Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joan of Arc after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so proud). And you'll see why it's never a good idea to f*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f*cking Cleopatra. The past were just like us--so learn from life's losers and emulate the badasses. The Captain shows you how.
