Jess Gordon is out for revenge. Last year the jocks from Knights College tried to shame her best friend. This year she and a hand-picked college girl gang are going to get even. The lesson: Don't mess with Unity College girls. The target: Blondie, a typical Knights stud, arrogant, cold . . . and smart enough to keep up with Jess. A neo-riot grrl with a penchant for fanning the flames meets a rugby-playing sexist pig—sworn enemies or two people who happen to find each other when they're at their most vulnerable? It's all Girl meets Boy, Girl steals from Boy, seduces Boy, ties Boy to a chair, and burns Boy's stuff. Just your typical love story. Kirsty Eagar expertly handles a searingly honest and achingly funny story about love and sex amid the college hookup culture.

The Opposite of Nothing Shari Slade 2015-01-14 What happens when a socially awkward campus DJ "catfishes" her bad boy BFF? When she sees an opportunity to explore his sexier side using a fake online profile, she grabs it. Veiled Innocence Ella Frank 2017-04-18 Tick, tick, tock. Time. That's all I have now. A small room, a photograph, and time. They want me to trust them and confess my sins. They told me they wouldn't judge me—they lied. I thought we could convince the world that this wasn't a crime. We were wrong. Time doesn't stand still. The clock keeps ticking, the world is unconvinced, and now... Now he is gone.

Slammed Colleen Hoover 2012-08-10 From #1 New York Times bestselling author of *It Ends With Us*, Colleen Hoover's romantic, emotion-packed debut novel unforgettably captures all the magic and confusion of first love, as two young people forge an unlikely bond before discovering that fate has other plans for them. Following the unexpected death of her father, eighteen-year-old Layken becomes the rock for both her mother and younger brother. She appears resilient and tenacious, but inside, she's losing hope. Then she meets her new neighbor Will, a handsome twenty-one-year-old whose mere presence leaves her flustered and whose passion for poetry slams thrills her. Not long after a heart-stopping first date during which each recognizes something profound and familiar in the other, they are slammed to the core when a shocking discovery brings their new relationship to a sudden halt. Daily interactions become impossibly painful as they struggle to find a balance between the feelings that pull them together and the forces that tear them apart. Only through the poetry they share are they able to speak the truth that is in their hearts and imagine a future where love is cause for celebration, not regret.

Drowning Instinct Ilsa J. Bick 2012-02-01 There are stories where the girl gets her prince, and they live happily ever after. (This is not one of those stories.) Jenna Lord's first sixteen years were not exactly a fairy tale. Her father is a controlling psycho and her mother is a drunk. She used to count on her older

brother—until he shipped off to Iraq. And then, of course, there was the time she almost died in a fire. There are stories where the monster gets the girl, and everyone cries for his innocent victim. (This is not one of those stories either.) Mitch Anderson is many things: A dedicated teacher and coach. A caring husband. A man with a certain...magnetism. And there are stories where it's hard to be sure who's a prince and who's a monster, who is a victim and who should live happily ever after. (These are the most interesting stories of all.) *Drowning Instinct* is a novel of pain, deception, desperation, and love against the odds—and the rules.

Flat-Out Celeste Jessica Park 2014-05-22 For high-school senior Celeste Watkins, every day is a brutal test of bravery. And Celeste is scared. Alienated because she's too smart, her speech too affected, her social skills too far outside the norm, she seems to have no choice but to retreat into isolation. But college could set her free, right? If she can make it through this grueling senior year, then maybe. If she can just find that one person to throw her a lifeline, then maybe, just maybe. Justin Milano, a college sophomore with his own set of quirks, could be that person to pull her from a world of solitude. To rescue her—that is, if she'll let him. Together, they may work. A Little Too Far Lisa Desrochers 2013-09-17 Have you ever gone just a little too far? Lexie Banks has. Yep. She just had mind-blowing sex with her stepbrother. In her defense, she was on the rebound, and it's more of a my-dad-happened-to-marry-a-woman-with-a-super-hot-son situation. But still, he's been her best friend and confidant for the better part of the last few years . . . and is so off limits. It's a good thing she's leaving in two days for a year abroad in Rome. But even thousands of miles away, Lexie can't seem to escape trouble. Raised Catholic, she goes to confession in hopes of alleviating some of her guilt . . . and maybe not burning in hell. Instead, she stumbles out of the confessional and right into Alessandro Moretti, a young and very easy-on-the-eyes deacon . . . only eight months away from becoming a priest. Lexie and Alessandro grow closer, and when Alessandro's signals start changing despite his vow of celibacy, she doesn't know what to think. She's torn between falling in love with the man she shouldn't want and the man she can't have. And she isn't sure how she can live with herself either way.

Last Will and Testament Dahlia Adler 2014-12-01 Lizzie Brandt was valedictorian of her high school class, but at Radleigh University, all she's acing are partying and hooking up with the wrong guys. But all that changes when her parents are killed in a tragic accident, making her guardian to her two younger brothers. To keep them out of foster care, she'll have to fix up her image, her life, and her GPA—fast. Too bad the only person on campus she can go to for help is her humorless, pedantic Byzantine History TA, Connor Lawson, who isn't exactly Lizzie's biggest fan. But Connor surprises her. Not only is he a great tutor, but he's also a pretty great babysitter. And chauffeur. And listener. And he understands exactly what it's like to be on your own before you're ready. Before long, Lizzie realizes having a responsible-adult type around has its perks... and that she'd like to do some rather irresponsible (but considerably adult) things with him as well. Good thing he's not the kind of guy who'd ever reciprocate. Until he does. Until they turn into far more than teacher and student. Until the relationship that helped put their lives back together threatens everything they both have left.

Eighteen: 18 Ja Huss 2020-03-26 Eighteen is hard. And so is Mateo Alesci. He's hard to read, hard to predict, hard in every way that counts. He wants things from me. Dirty things, nasty things, forbidden things. And I have to give in. His attention is completely inappropriate, but I can't say no. The way he looks at me... the way he watches me through my bedroom window... the way he drags me deeper and deeper into his completely forbidden fantasy world just... turns me on. He knows it turns me on. He holds all the power. He holds all the cards. He holds my entire future in his hands. And I have to give in. Because Mr. Alesci is my teacher. And I need everything he's offering.

Parentology Dalton Conley 2014-03-18 An award-winning scientist offers his unorthodox approach to childrearing: “Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions” (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with

lessons that go down easy. You'll be laughing and learning at the same time.

Maise O'Malley just turned eighteen, but she's felt like a grown-up her entire life. The summer before senior year, she has plans: get into a great film school, convince her mom to go into rehab, and absolutely do not, under any circumstances, screw up her own future. But life has a way of throwing her plans into free-fall. When Maise meets Evan at a carnival one night, their chemistry is immediate, intense, and short-lived. Which is exactly how she likes it: no strings. But afterward, she can't get Evan out of her head. He's taught her that a hookup can be something more. It can be an unexpected connection with someone who truly understands her. Someone who sees beyond her bravado to the scared but strong girl inside. That someone turns out to be her new film class teacher, Mr. Evan Wilke. Maise and Evan resolve to keep their hands off each other, but the attraction is too much to bear. Together, they're real and genuine; apart, they're just actors playing their parts for everyone else. And their masks are slipping. People start to notice. Rumors fly. When the truth comes to light in a shocking way, they may learn they were just playing parts for each other, too. Smart, sexy, and provocative, *Unteachable* is about what happens when a love story goes off-script.

Professed Nicola Rendell 2016-07-30 At a secret masked ball at Yale, Naomi Costa is literally swept off her stiletto-blistered feet by a man with a killer jawline, a perfect body, and an even-better kiss. They bust out of an emergency exit and have axis-shaking sex. He pours whiskey in her belly button and after they run out of condoms, they have to get creative. That kind of sex. The next day, she learns that he is none other than Dr. Benjamin Beck, a brand new member of the Yale faculty and the hottest thing to happen to academia since... well, ever. She has to take his damned junior seminar to graduate, but it gets worse. He's also her College Master: her boss, her advisor, her everything. And he's just moved in, right downstairs. They can't stay away from each other. They're either fusion or fission or both. They're making out in libraries, hiding notes between stones, and sneaking off to nautically themed AirBnbs. Hear that sound? It's the academic code of ethics going up in flames. If they're found out, he'll lose his job and his reputation. She'll lose her scholarship and be forced to return to the life of lobster fishing that she thought she'd escaped. And they will be found out, yes they will. So what the hell are they going to do? *** To the reader: Things get damned dirty in this book. The characters curse, the sex gets explicit. It's an erotic love story with fury. Be advised. This is a stand-alone novel. Other tasters' notes: HEA. Sweet. Funny. Dirty. Muddy. Wet. Inspired by a real professor.
