

Regulating “Snapchat Discover” Parental Controls

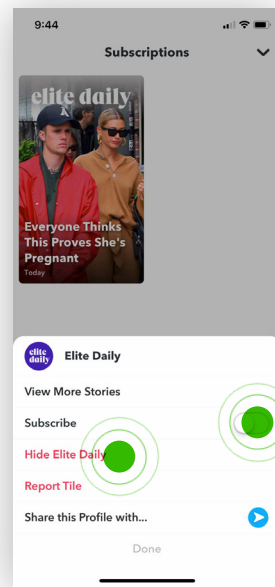

1

Open Snapchat and swipe right to the **Discover** page. Tap **Subscriptions**.

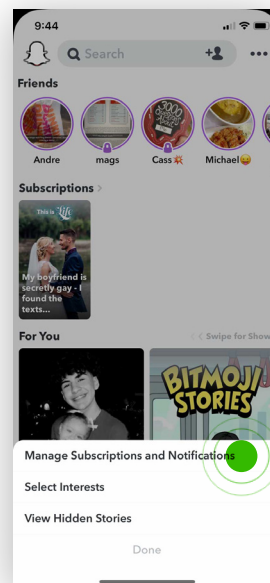

2

Toggle “**Subscribe**” and tap “**Hide [outlet name]**” to manage the account’s media outlets.

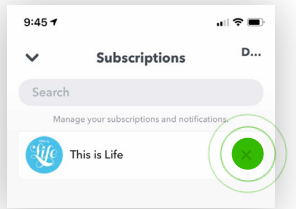

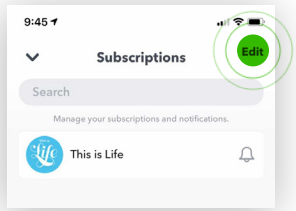

3

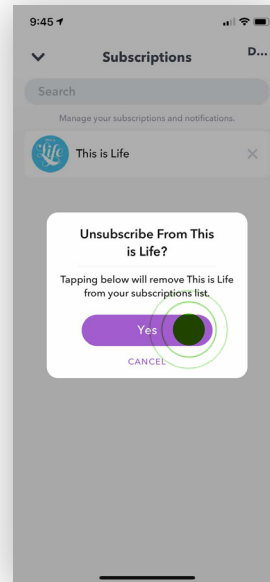

Tap the three dots in the upper-right hand corner then tap **Manage Subscriptions and Notifications**.

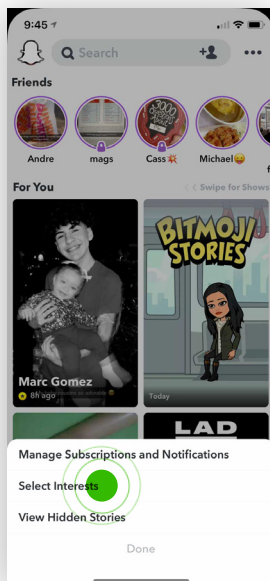

4 Tap **Edit** in the upper-righthand corner of the screen.

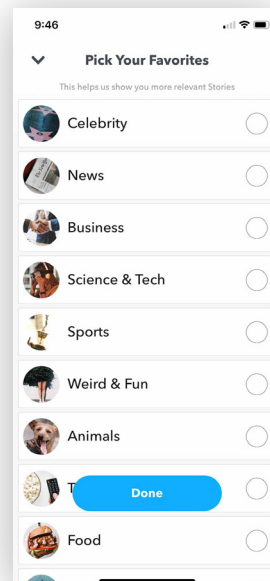

5 Tap the “x” by the outlet name to remove it as a subscription.

6 For considerable control, tap the three dots in the upper-righthand corner once more. Tap **Select Interests**.

7 Choose content categories to appear in your teen’s feed.

8

Under the **For You** section of the Discover page, tap and hold the tile to any featured articles from outlets you would not like on your teen's Discover feed.

9

Tap "**Hide [outlet name]**" once the option pops up. You can do this for as many tiles as you like.
